

Hero Car Seat

The Hero child car seat is a specifically modified car seat to accommodate the postural requirements of children with additional needs. It is suitable for installation in most commercially available vehicles that have an ISOFIX connection. The car seat is designed for use on the back seat of a car, and with the ISOFIX anchorage system providing a secure attachment to the vehicle, it does not have to be fastened with the car seat belts, guaranteeing easy handling.

Swivelling car seat for forward or rear-facing

Swivel by 90° so that the child can be seated in the car seat without straining the parent or caregiver's back

Large seat recline

Height adjustable back support and head supports

5-point-harness with upholstery, height adjustable

Belt mechanics installed into the front of the seat

360° swivel base with adjustable footwell stilt

ACCESSORIES

Security Tray
